The **Fairfax Marching Rebels** are the most visible component of the FHS Bands. Members of this ensemble perform at all home football games, and compete actively at regional marching competitions throughout the season, which runs August through early November. The Marching Rebels also perform at several community events and parades throughout the school year.

* It is essential that the band directors know prior to August who is participating in marching band, as well as any summer conflicts. Music and marching drills are written for the exact number of students marching and their instruments. There is a lot to learn in a short time, and attendance at MB practice is mandatory. Please contact Dr. Jeffrey Lehman at jlehman@fcps.edu by June 30 with any questions.
