

Please Note

All online payments will be handled by PayPal, one of the leaders in online payment security.

1. If you are running a pop up blocker program you may need to turn it off.
2. Once you choose an item from the list a PayPal window will pop up with that item listed, you can choose to continue shopping or to proceed to check out.
3. The shopping cart and checkout pages are both on the PayPal network, this is for security purposes. All information provided will be handled by the PayPal service.

For more information on PayPal security measures, [Click Here](#). If you plan to use a check online: You can use your checking account to pay also, **PayPal requires you to sign up for an account first**. This is another security factor in place so that your financial information stays safe. Follow [This Link](#) to the account setup page.

1. Choose the "Personal Account" option, then click the Continue button.
2. Fill out the next page of info, which includes your name, address, email address and password. Once this is done you will be sent a confirmation email, click on the link in that email and your account will be set up.
3. After clicking the link in the email you will be sent to your account overview page. In the blue bar that runs the width of the page there is a link to your profile, click it and you will find 3 columns of options. Under the middle column ("Financial Information") you'll find a link to set up your bank account for PayPal payments.

*** FOR ALL TRANSACTIONS (Credit Card or Checking), A small transaction fee (Between 3.05% and 3.30% of total amount) has been added to each payment to offset the cost of the PayPal Service ***
